Student Feedback Mechanism

The university has a good system in place to ask for feedback from students and teachers. After analysing the input, steps are done to enhance their experiences and the teaching-learning procedures.

Student feedback

The importance of student involvement in improving the quality of the teaching and learning environment cannot be emphasized enough. In the 2022–2023 academic year, the University sought feedback from students across various fields. Their comments and ratings were assessed and appropriate actions have been taken for its effective implementation. The formal feedback is taken through the following mentioned form:

Feedback form for students

The feedback form has been designed to seek feedback from students for teaching and learning environment. It helps in improving the quality of teaching-learning environment at CDOE.
